Sunday, 28th September 2014 (Hotel Check-out)

09.30h

Set off to Aigle with the narrow gauge nostalgic Train (which is celebrating this year its 100th anniversary). A limited edition FULGOREX models of this train will be available from our good SWISS-MG/V8 friend Dany Ingold. Arriving in Aigle, we will have a short walk to visit the Fondation Hervé where our friend René Rey will kindly guide us through the impressive collection of MGs (e.g. MGK3 of Count Jacques de Wurstemberger), Voisins and interesting related memorabilia, closing the visit with a glass of Aigle wine and a light snack-lunch Vaudois.

After this, we will walk up 900 m to visit the Castle of Aigle taking afterwards the train back to our MG/V8 at Les Diablerets.

We will be closing the SWISS-MG/V8 IG-Weekend 2014 at the Hotel-Lobby with the price awards for MG Pride of Ownership as well as for the longest distances driven, remembering Cecil Kymber' slogan:
